

## Anne Spalding Biography

I waited a year for my first Irish wolfhound. I requested a pet female. And that's my story and I'm sticking to it. I hope that someday I'm remembered for how much I did for dogs and how much I adored Irish Wolfhounds. I was born a dog trainer, and from my earliest memories I still cherish my beloved dog "Bingo" who was my constant companion from 7 to 17.

My world is emerged in dog training and rescue at present.

I spent 40 years in the breeding and showing of Irish wolfhounds, Belgian Tervuren and Papillons. The wolfhounds are truly something of a higher order. Thank you for trusting me to evaluate and help in any way I can to help you on your journey with this magnificent breed.
